

# Neeraj Sreeraj

## Student programmer

Final-year Computer Programming student at **Thomas More** (Antwerp) with hands-on experience in full-stack development using Spring Boot, React, and Next.js. Through academic projects, I have worked on building REST APIs, integrating frontend and backend systems, and applying object-oriented programming principles. I am motivated to continue learning, adaptable to different technologies, and eager to contribute as a reliable team member during a 3-month internship.

## Work Experience

### CLT PRT – Junior BIM Developer (Internship) July 2025 – November 2025

Created basic 3D models in Revit for CLT architectural projects and supported the team with BIM-related tasks.

### CLT PRT – Software Development Intern November 2025 – January 2026

Developed an internal web application using Spring Boot (backend) and React (frontend) to streamline Revit PDF file sharing and automate file renaming according to company naming conventions, significantly reducing manual processing time.
